

IJ561 – Natural White Matte Art Paper 210gsm

Product	Description	A 210gsm Matte, smooth 100% alpha cellulose fine art paper with a premium inkjet coating. Its smooth surface is ideal for reproducing the fine detail in photo and digital fine art reproductions. This archival quality paper is both acid and lignin free and contains no optical brighteners to provide a natural white finish.
	Compatibility	Dye and Pigment water based inks (optimised for use with Matte Black ink)
Application	Indoor Usage	Designed for Fine Art Photographic Prints, Fine Art Posters, Wedding Albums
	Method	Ensure that once printed the paper is allowed to dry thoroughly before handling and stacking, ideally 24 hours dependant on ink weight. Protecting the final image behind glass, or with the application of a giclée fine art varnish or spray is recommended to further improve resistance to the effects of UV light and ozone degradation. Dry mounting temperatures should not exceed 80°C
