

TM414 – Textured Pop Up Blockout Banner 310mic

Product	Description	A 310micron Satin, slightly textured bright white polyester blockout banner with a premium ink receptive coating that provides both rapid drying and a high degree of image protection. Made from tough rigid polyester it is ideal for use in pop up systems for both indoor and outdoor use and has a mid-grey back that helps provide 99% opacity. The slight texture front and back make for easy printability and good scratch resistance.
	Compatibility	Solvent, Eco-Solvent, Latex* and UV Curable inks * Should give acceptable results with 2nd generation latex printers
Application	Indoor	Roll Up displays, posters, exhibition panels etc.
	Outdoor	Suitable for long-term outdoor use
	Lamination	Hot or cold lamination recommended to extend the working life of the banner.
