

TM515 – Evolve™ Poly-Cotton Canvas 300gsm

Product	Description	A A 300gsm Satin-matte, medium textured bright white poly-cotton canvas with ink receptive coating that provides both rapid drying and a high degree of image protection. With a quality look and feel at an outstanding price, ideal for users needing a more authentic looking canvas than 100% polyester. Great for photo reproductions as it's completely seedless and has a good canvas texture. It has excellent light fastness, and the uniform waterproof surface does not crack when framing.
	Compatibility	Solvent, Eco-Solvent, Latex and UV Curable inks
Application	Indoor	Use for display of interior wall art
